TRG 30

Bold change *for resilience*

Today

The Value of Discomfort

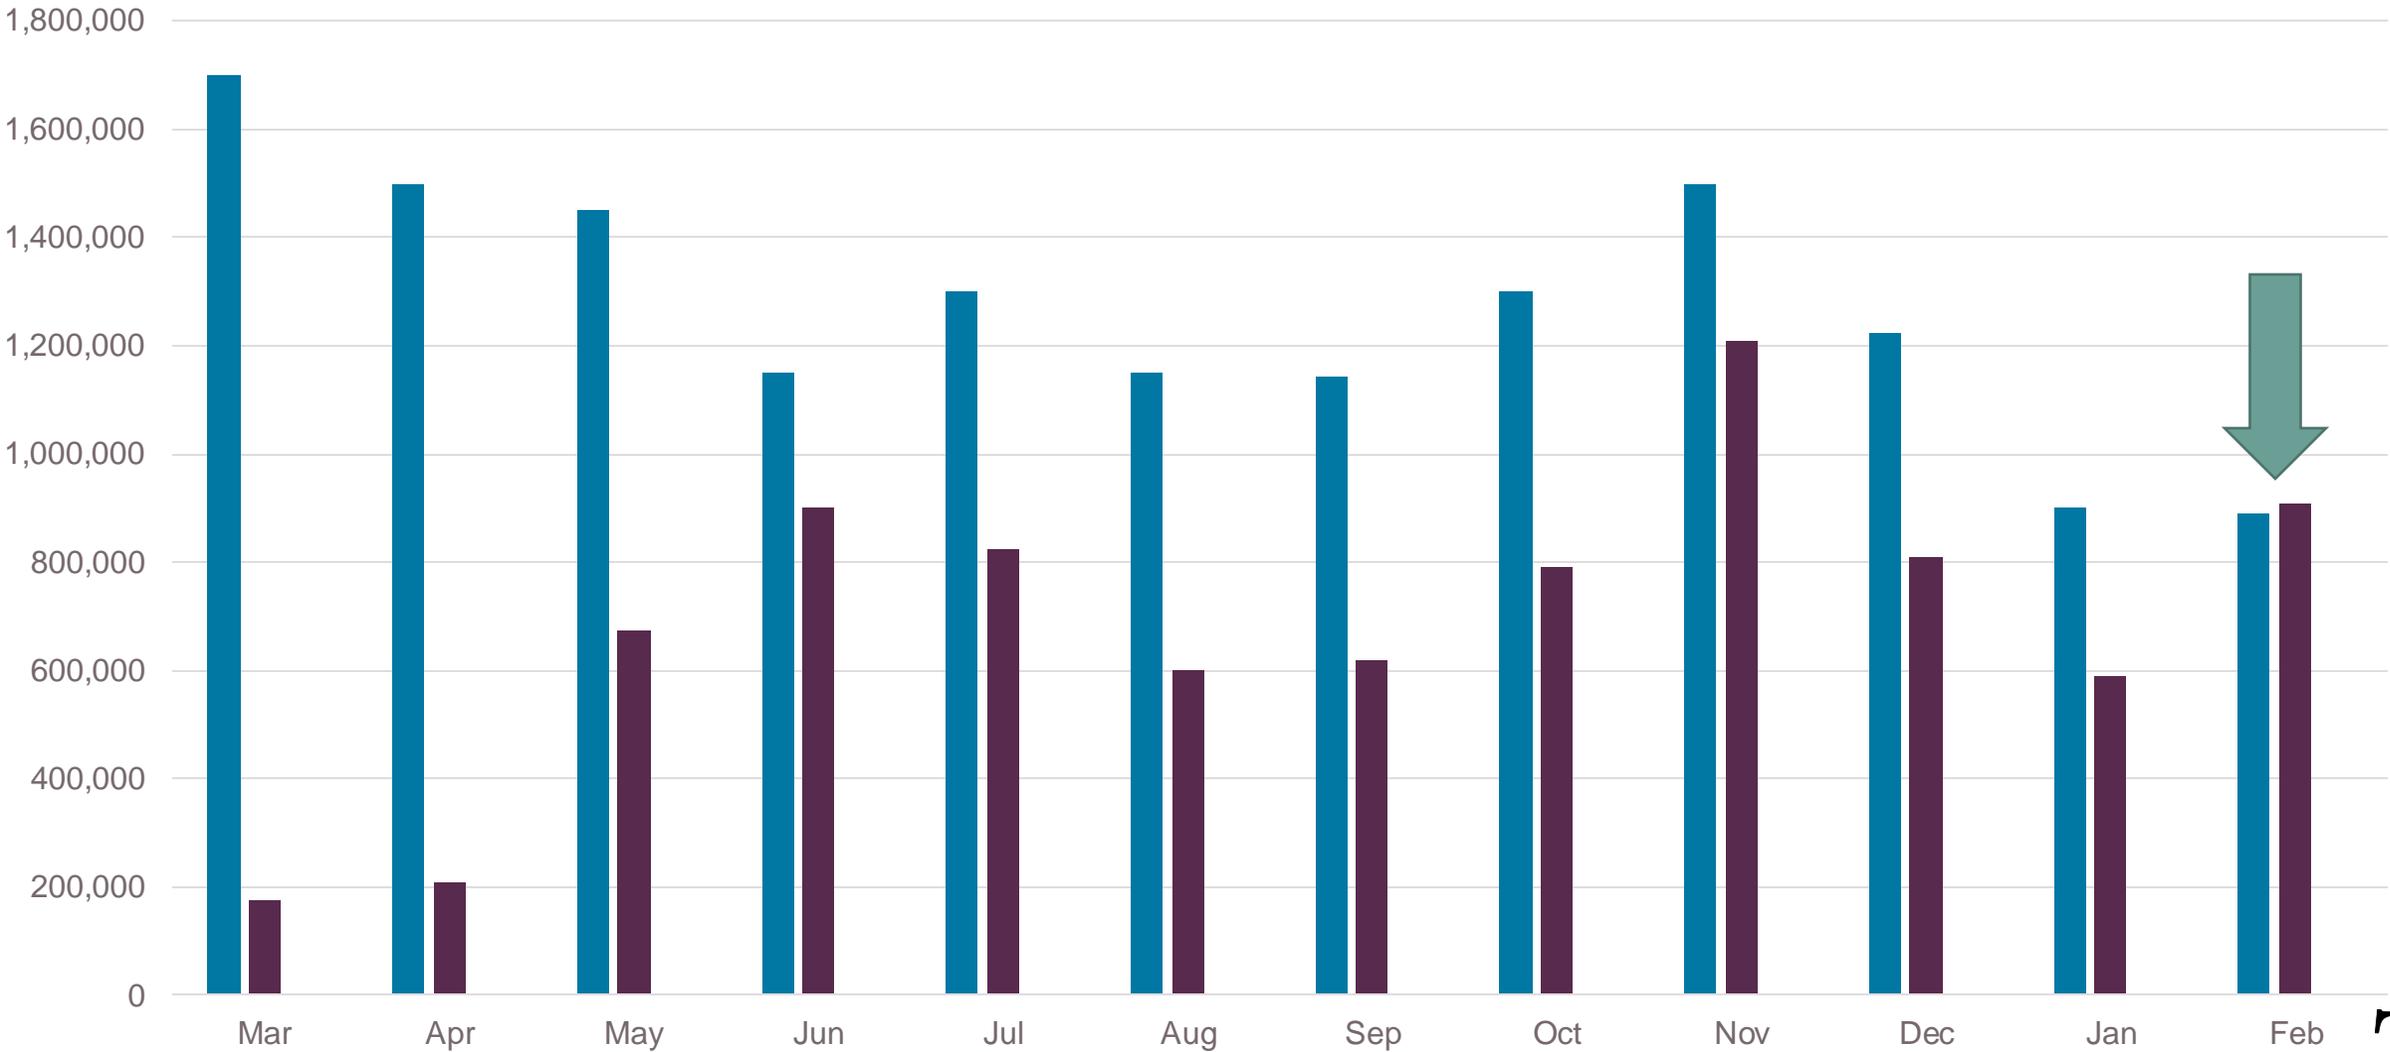

- **What is your learning orientation that tells you what types of experiences will be valuable for you?**
- **What makes an experience uncomfortable for us and why must we seek that discomfort?**
- **What do growth patterns look like when we are in the middle of development?**

Tell us about your challenge

Learning Agility

noun

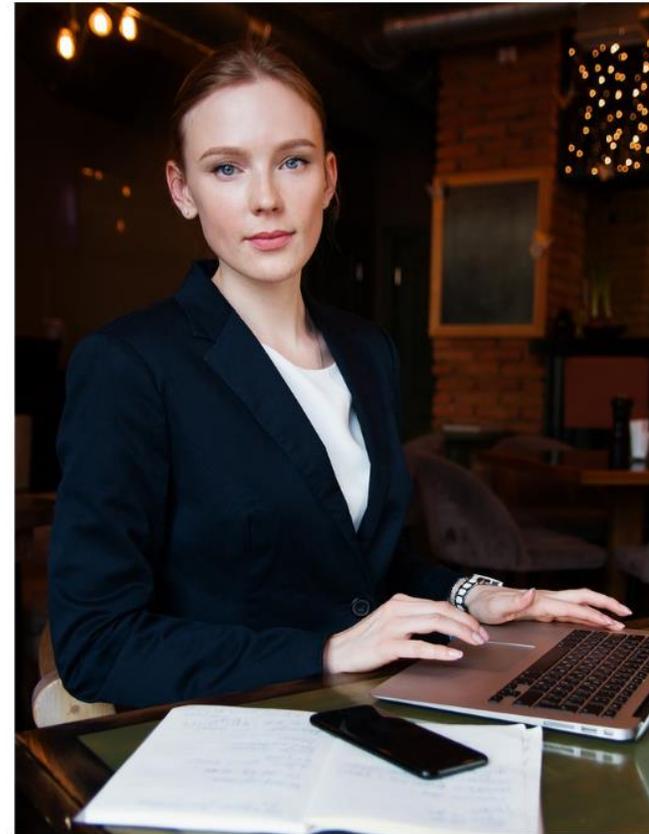

A set of layered skills that enable us to adapt to new challenges in one place and then apply that **experience** elsewhere, in a completely different situation.

What is your learning style?
